Creating a community shop for Standlake

Standlake Shoptalk - The latest update

A quick update on plans to create a community shop for Standlake.

As you may remember, the team behind the venture recently set a deadline of 14th September to gauge initial interest in investing in the opportunity. We're very happy to have already received pledges to finance over a quarter of the cost of each of the options we are investigating – the purchase of the entire premises (including the upstairs flat) or just leasing the shop space. We've also had some extremely helpful and enthusiastic conversations with you all via our stalls at local village markets and on The Green in Standlake.

mean it's difficult to communicate full details in a 'friendly way' at this comparatively early stage. Having secured a grant from the Bright Ideas Fund, as well as continuing to sign up new investors, we're going to focus our efforts in the next few months on using this to draw up shareholders' agreements and other necessary paperwork and compile answers to financial and operational questions. We'll also be working on some of the more exciting aspects such as imagining how we want the shop to look and considering potential services and stock items.

We're entering an exciting phase and we can't wait to share this work with you. Please bear with us while we step back and focus on this. We're confident we'll be able to produce a pack of information helping you understand all the ways you can get involved – big or small, practical or financial – and most of all what it will be like to be a customer of our very own community shop!

As ever, if you have questions or feedback please direct them to standlakeshop@gmail.com
